AMENDMENT

(37 C.F.R §1.115 & §1.116)

Please enter the following amendment:

IN THE CLAIMS:

Please amend claim 16 as follows:

VERSION WITH MARKINGS TO SHOW CHANGES MADE

--16(Once Amended). A device for applying therapeutic
stimuli to a subject,

comprising:

- a. means for generating a selected audio tone signal;
- b. audio speaker means transducing said audio tone signal
into a selected audio tone and continuously delivering said selected
audio tone to the left and right ears of the subject, said audio
speaker means [continuously] sequentially delivering of said audio
tone to the subject's left ear, both the left and right ears, and
the right ear of the listener, without interruption of said audio
tone.--
